2. Eksamen

Ons vertrou dat al die leerlinge reeds hard besig is om hulleself voor te berei vir die komende eksamen. Eksamenroosters is reeds uitgegee. 'n Groot deel van die eksamen bestaan uit vraestelle van die departement wat ons kry net voor die skryf van die vakke - geen afbakening is dus moontlik nie.

Exams

We trust that all learners are already busy preparing for the exams. Timetables have already been handed out. A large part of the exams consist of papers set by the department which we receive shortly before the writing of the paper - thus no demarcation can be given.

The exams start on **6 June** and ends on 15 June, where after the learners will continue with normal classes - work of term 3. No learner may be absent during this time. National papers are written on certain dates and may not to written on alternative dates.
