## RISIKO'S VAN ONGEDIAGNOSEERDE ADHD

Tieners met ADHD het 'n hoër risiko vir alkohol- en dwelmmisbruik, asook gedragsprobleme.

58% van kinders wat nie medikasie gebruik dui op 'n graad op skool.

30% van adolessente met onbehandelde ADHD voltooi nie hoërskool nie, in vergelyking met 10% van dié sonder ADHD.

Onbehandelde simptome kan lei tot ervarings van skaamte en vernedering.

Kinders met onbehandelde ADHD bereik dikwels volwassenheid met 'n lae selfbeeld weens voortdurende kritiek. Dit kan lei tot angstigheid, depressie en selfmoord.

## School Uniform:

We urge parents to ensure learners wear the correct uniform in 2025. Incorrect jackets, jewelry, headphones, beanies, etc. will be confiscated and can only be collected by parents at the end of the term. Parents, please also support us by ensuring learners shave daily.

Parents can contact Ms. Rina le Grange at the school regarding second-hand uniforms. Please note that PEP stores sell the school's blue jersey.

ZERO tolerance will be applied if learners are not wearing the correct uniform. The behavior of learners towards staff, other learners, and schoolwork is negatively influenced by incorrect attire.

## Lantern Library: "Little Lantern Library"

To help us keep our books clean and dry, all learners must have a waterproof book bag, in order to borrow books from the Little Lantern Library.

Please note that learners without waterproof book bags will not be allowed to borrow books, and parents will be held responsible for the replacement cost of any damaged books.

Thank you for helping us protect our shared treasures!

## **Exciting Author Visit and Book Sale!**

We are thrilled to announce that the esteemed South African children's author Jaco Jacobs will be visiting Lantern School on Wednesday, 24 July. Our learners are in for a treat as they get to meet one of the country's most beloved writers and hear more about his stories and creative process.

To celebrate the joy of reading, his publishers will also be hosting a book sale at the school on Monday, 29 July and Tuesday, 30 July. This is a wonderful opportunity to stock up on quality children's books — including some by Jaco Jacobs himself!

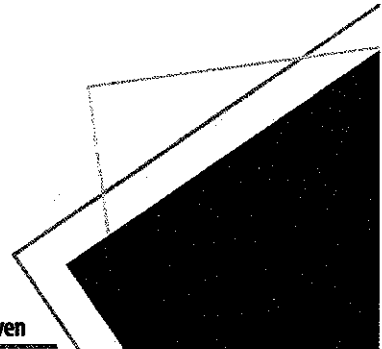

Let's encourage a love of reading and support local literature!

## RISKS OF UNDIAGNOSED ADHD

ADHD teenagers are at higher risk for alcohol and substance abuse, as well as behavioural issues.

Up to 58% of children who were not medicated for their ADHD, failed a grade in school

30% of adolescents with untreated ADHD fail to complete high school, compared to 10% of those without ADHD.

Untreated symptoms can lead to experiences of shame and humiliation.

Children with untreated ADHD grow into adults with low self esteem. In severe case, low self-esteem can lead to anxiety, depression and suicide.
